YOUNG EXPLORERS PROGRAM

# | MASUNGI GEORESERVE FOR SCHOOLS

## YOUNG EXPLORERS PROGRAM

An initiative to partner with schools in promoting sustainability and environmental stewardship by bringing curious young minds to the georeserve for an educational visit.

### OUR MISSION: NATURE IN NATION-BUILDING

Our mission is to develop a love and care for the Philippines' native environment in the Filipino youth through experiential outdoor learning. Through this, they develop the necessary skills and values for physical, mental, and emotional well-being as well as an understanding and appreciation of the role of nature in nation-building.

### WHY VISIT US?

#### **OUT-OF-CLASSROOM EXPERIENTIAL LEARNING**

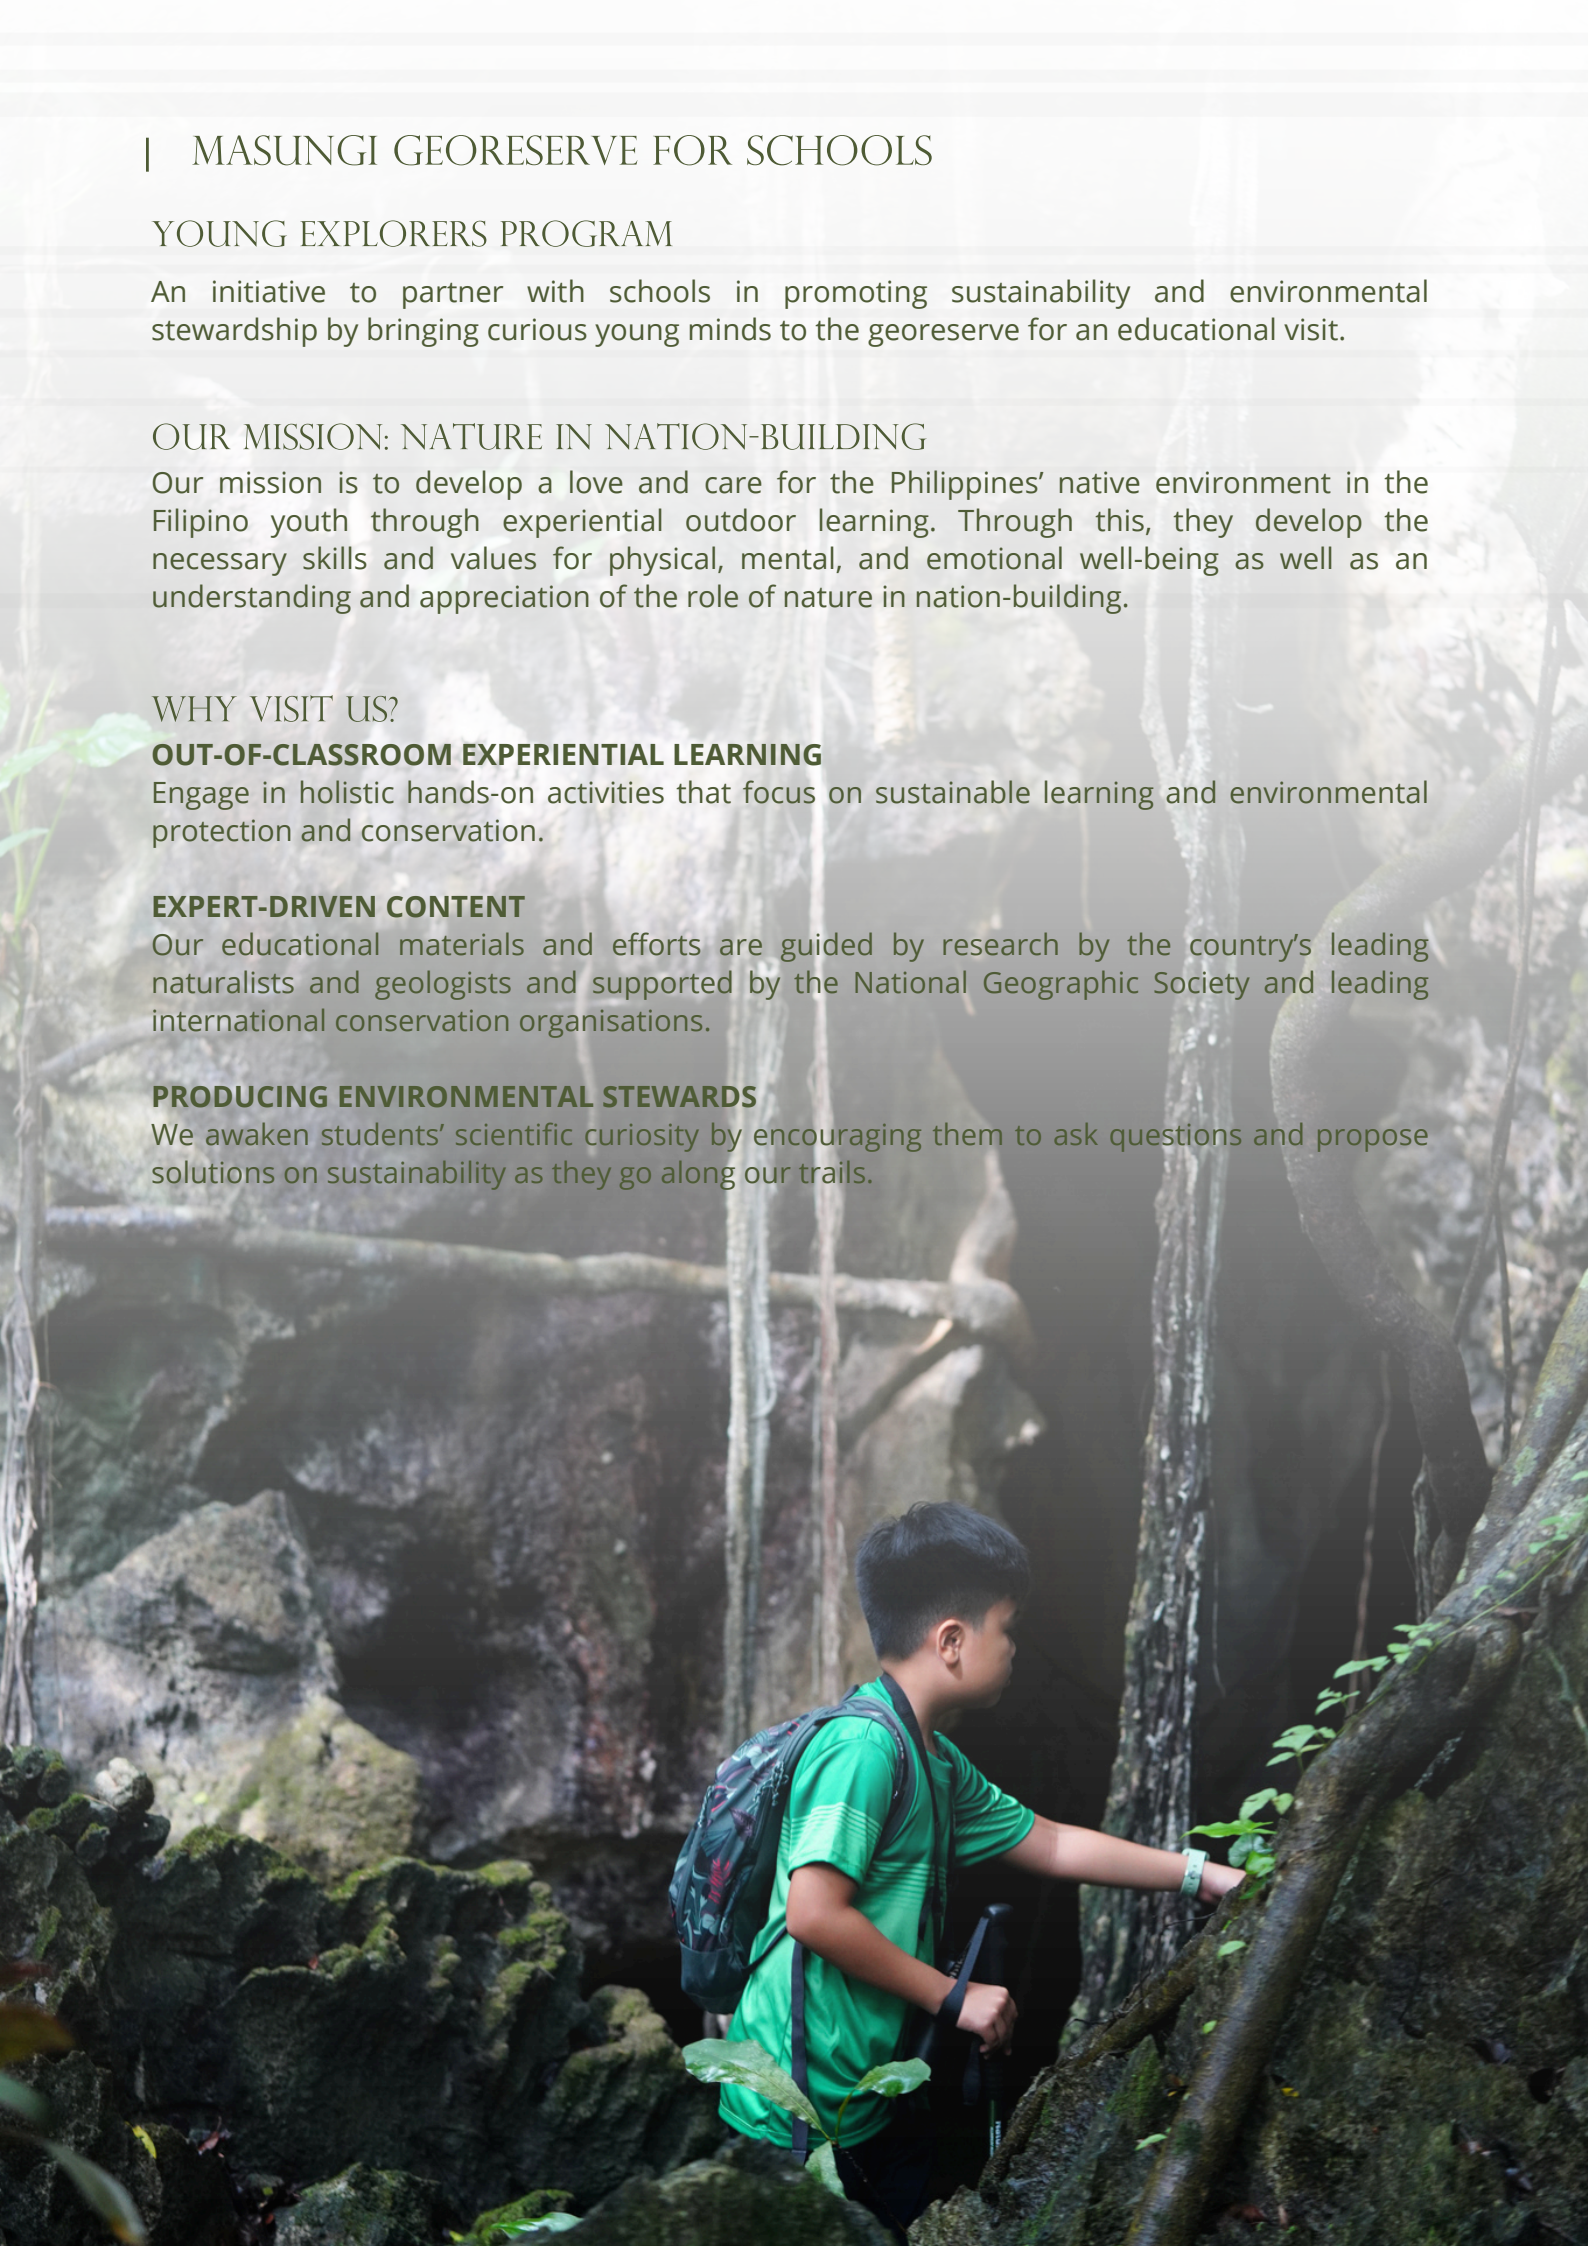

Engage in holistic hands-on activities that focus on sustainable learning and environmental protection and conservation.

#### **EXPERT-DRIVEN CONTENT**

Our educational materials and efforts are guided by research by the country's leading naturalists and geologists and supported by the National Geographic Society and leading international conservation organisations.

#### **PRODUCING ENVIRONMENTAL STEWARDS**

We awaken students' scientific curiosity by encouraging them to ask questions and propose solutions on sustainability as they go along our trails.

DISCOVERY TRAIL

## RULES & REGULATIONS

Our conservation policies revolve around the idea that the georeserve is meant as a sanctuary and home for animal and plant life in the Philippines. Appropriately, as visitors, we must treat the area with respect and conscientiousness.

1. Georeserve access are for private groups, and advance request must be done.
2. Absolutely no littering of any kind allowed.
3. Park is no-smoking zone to prevent air and health pollution.
4. Noise is not permitted as these may post strain on the area's wildlife.
5. Avoid interacting with wildlife or picking flowers, rocks, and other specimens.
6. Omit personal tipping. This maintains conservation focus and guest experience consistency.
7. Always listen and follow the safety instructions that will be shared by park rangers.

The management has the responsibility, and reserves the right to deny access and impose penalties for failure of compliance to the policies above. Please take note that a penalty of **PHP 3,000.00** applies for first non-compliance to littering, smoking, and picking/collection of animals, plants, and rocks policies.

## | HOW TO REQUEST A SCHOOL VISIT

Providing us with the following details will allow us to customize an activity proposal for your party. Please reach our Events and Partnerships Officer at [learn@masungigeoreserve.com](mailto:learn@masungigeoreserve.com), or call us at +09215010731.

- Name of School/Organization
- Name of Lead Contact and Position
- Lead Contact Number
- Preferred Experience/s
- Preferred Date of Visit
- Number of Guests
- Other special requests or concerns

You may refer to the trail photos in this [link](#) for the highlights of the experiences. Our trails are customizable according to your needs. **We may accommodate special activities upon request and based on availability.**

Our Events and Partnerships Officer will send you an approval email along with the proposal for your chosen school program. Kindly follow the instructions indicated in the proposal to proceed.

Please note that information and conservation fees disclosed in this material are subject to change without prior notice.

## | HOW TO REQUEST A COMPLIMENTARY OCULAR AND FAMILIARIZATION VISIT

The ocular visit includes a **Pocket Trail Experience**, which will last for up to two hours. Interested schools may submit a formal request letter, addressed to Ms. Ann Dumaliang, Project Manager of Masungi Georeserve Foundation, to [learn@masungigeoreserve.com](mailto:learn@masungigeoreserve.com). The letter should indicate the school's name, list of teachers who will join the ocular, and the purpose of the visit. It must be signed by the authorized officer from school.
